

Dressing up like a Fox and  
Waving my twin tails around  
I have vanished without a trance then  
I've unlocked my Seven forms now

Countless ancient maidens within your dreams  
Temporal and dancing endlessly  
They were birthed over one thousand years ago  
But even now they live

Ah~ These women are amalgams of deception, without a doubt  
We are not Kitsune, We are not deceiving  
Fox-eyed Maidens, Megitsune

Ah~ Becoming more and more like the perfected female form  
Smiling on the outside, Crying on the inside.  
"This is how it is," I'll say.  
Never showing my tears.

Countless ancient maidens within your dreams

They were birthed over one thousand years ago  
But even now they live

Ah~ These women are amalgams of deception, without a doubt  
We are not Kitsune, We are not deceiving  
Fox-eyed maidens  
Fatal mistake... You are arrogant.

Ah~ Becoming more and more like the perfected female form  
Never ever stopping, keep the flames of passion  
Elevating like fireworks

Ah~ like a withered rose, decayed and fallen is our fate  
Smiling on the outside, Crying on the inside  
Pure of heart, Fox-eyed maidens Megitsune
